(To the tune of "There's No Business Like Show Business")

There's **no** biz-ness like **health** in-**sur**-ance
where **mon**-ey **comes** a-bove **health**.
Ev'ry-thing a-**bout** it is dis-**gust**-ing,
Ev'ry-thing our **pol**-i-tics al-**low**.
Even though their **coff**-ers are all **bust**-ing
they'll still find **roooooom** for more some-**how**.

There's **no** biz-ness like **health** in-**sur**-ance.
They **smile** when you are **low**
be-**cause** no mat-ter **what**, they get your **mon**-ey
And **when** you **run** out **of** it, well **hon**-ey,
take a **look** at **what** all **of** that **fine** print **said**,
"If **you** can't **pay**, please drop **dead**."

There's **no** biz-ness like **health** in-**sur**-ance,
the **greed**-i-est **biz**-ness we **know**
Ev-en though their **pro**-fits soar like **rock**-ets
they'll **take** the last dime **from** your grand-ma's **pock**-ets.
Their **sli**-my **CEOs** are so un-**feel**-ing
Con-**cerns** for **heal**-ing are **just** for **show**.

For **years** we've **asked** them for **Me**-ed-i-care for **All**
but our **pol**-i-ti-cians **stall**.
Pre-**oc**-cu-pied with **mon**-ey for their **ca**-amp-aigns
while **we** suffer with **aches** and pains
Now we say it's **time** we start-ed **rais**-in' **Cain**!
DEMAND **MEDICARE** FOR **ALL**!
